

ASQ RETIREMENT STATUS CERTIFICATION APPLICATION

If you are an ASQ certified professional who has retired from active employment and have reached age 62, you may request that a "retired" status be designated on your certification records. Your certification(s) will then be left in good standing and will not lapse or be deleted from your certification records.

1. If you meet the requirements and desire Retired Certification Status, you may apply up to one year before and after your recertification date(s). In turn you will receive a new certificate(s) showing "retired" status.
2. Email your completed application to cert@asq.org, or mail your application and payment information directly to: ASQ, Attn: Recertification Coordinator, P.O. Box 3005, Milwaukee, WI, 53201-3005.

3. If you hold Retired Certification status and wish to return to active, full- or part-time employment, you must contact the ASQ Certification department to reinstate your certification to ACTIVE status and pay the reinstatement fee. The reinstatement fee is the current recertification journal fee minus the current retirement fee. Once reinstated, this will be your new start date for your three-year recertification period. You will then receive a new active status certificate and may begin accruing the required points to recertify again in three years. **Reinstatement period shall not exceed three years post-retirement.** After three years, candidates will need to retake the initial examination.
4. You are not required to submit a recertification journal or recertify by exam to attain a status of "retired."
